

RICH-2 Proposal Workshop for RI applicants

12 February 2020

Training Venue: *TC CAS, Technology center of the Czech Academy of Sciences (Technologické centrum AV ČR); Ve Struhách 1076/27; 160 00 Praha 6; Czech Republic*

Objective

The aim of the Proposal Workshop for RI applicants is to provide an informal check of project proposals with the participation of evaluators and European research infrastructures NCPs. This service should improve the quality and raise the success rate of project proposals. Special attention will be paid to project proposals from Widening countries.

This Proposal Workshop will check proposals for the following topics of H2020 open calls: INFRAEOSC-03-2020, INFRAEOSC-07-2020, INFRAIA-02-2020, INFRAIA-03-2020, INFRAINNOV-03-2020, INFRAINNOV-04-2020 and INFRASUPP-02-2020.

Conditions

RICH2 consortium is aware of the need for discretion and protection of information including data protected by GDPR. For more see the [Explanation on Discretion, Data Protection and Conditions for Participation](#)

The capacity for this mock evaluation is 12 project proposals. Project coordinators should send an abstract and consortium composition at the time of registration to the event to the CZ NCP email: witzanyova@tc.cz .

Register by 5 February 2020 [here](#)
