

The TNA of ASSEMBLE Plus: marine biology research and beyond

RICH-2 webinar, 8th July 2020

Davide Di Cioccio ASSEMBLE Plus access office

www.assembleplus.eu

The ASSEMBLE Plus project

Aim

Bring together, integrate and **open up** key national and regional **research infrastructures** to **researchers** within the **marine biology sector**, from both academia and industry, ensuring their optimal use and joint development."

Services

ASSEMBLE Plus offers access to a wide variety of marine ecosystems, unique marine biological resources, state-of-the-art experimental and analytical facilities with integrated workflows, historical observation data, and advanced training opportunities.

ASSEMBLE Plus sponsors teams of up to two researchers for:

- On-site and remote access to facilities and platforms for marine biology
- 30 days' travel and subsistence
- Shipping costs of project material from the Access Provider

AVAILABLE RESEARCH INFRASTRUCTURES COVER:

Research vessels, SCUBA diving facilities, submersibles.

Marine model organisms, culture collections, biobanks.

TECHNOLOGY PLATFORMS

Molecular biology and -omics imaging, bioassays, structural & chemical analysis. EXPERIMENTAL FACILITIES

Tanks, mesocosms, bioreactors, wet & dry labs.

Data sets, data analysis, computing, storage.

Eight calls

Current call Deadline Access window Last open call! 4th October 2020 Dec 2020 – Jun 2021

CALLING ALL RESEARCHERS FROM INDUSTRY AND ACADEMIA!
